

6.2 KEY DEADLINES – MATE World Championship **UPDATED JUNE 17, 2021**

Below is an updated summary of key dates and deadlines for the 2021 MATE competition season.

- December 1, 2020: Registration opens (note that registration for the World Championship and individual regional competitions will open as locations and dates are secured).
- April 26, 2021: Last day to register for the fluid power quiz.
- May 15, 2021: Last day to submit laser specifications, hydraulic fluid information, and pressure release valve specifications. Companies with regional competitions earlier than May 15 should plan to submit specifications early to allow at least 1 week for approval.
- June 13, 2021: [EXPLORER](#) / [RANGER](#) class video demonstration submission deadline.
- **New this year!!!** June 24, 2021: Deadline for companies that qualify to register for the World Championship in either the In-Person or Telepresence category.

Companies competing in both the In-Person and Telepresence categories of the World Championship have the additional deadlines of:

- **July 1, 2021:**
 - Technical documentation
 - Company spec sheet
 - SIDs (including electrical, fluid, Non-ROV Device)
 - Non-ROV device design document
 - Company safety review
 - Job site safety analysis (optional)
 - Corporate responsibility documentation (optional)
- **July 15, 2021:**
 - Assets for MATE ROV COMPETITION VR WORLD workstations

NOTE: *The VR World assets for team workstations information document will be posted, along with recordings of Team Workstation Workshops, to the [MATE Virtual World](#). A second Team Workstation Workshop is being planned for July 1st. Information on how to participate will follow soon!*

Companies competing in the Telepresence category of the World Championship have the additional deadlines of:

- **July 1, 2021:** Submission deadline for Marketing Display
- **July 1, 2021:** Deadline to register for a scheduled time slot for the company's Engineering Presentation, which will take place between July 16-22, 2021
- **July 15, 2021:** Submission deadline for the company's Product Demonstration and Safety Inspection videos (***additional details coming soon!***)
