

# DEEP ROBOTICS

Burnaby, B.C, Canada

**Travel Distance:** 3000 km/1864 miles

**Little Deep** available for \$15000.00 depending on options  
(Overall Dimensions 55 cm x 42 cm x 35 cm)

## Special Features

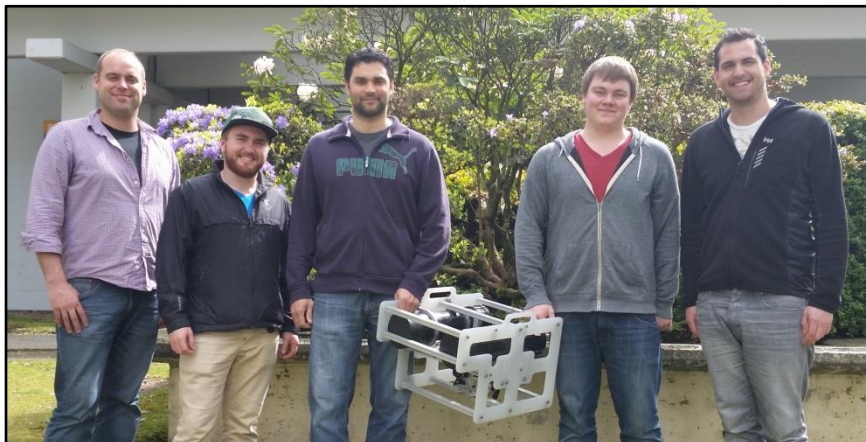

- Adjustable thrusters
- Modular design
- Parallax measuring system

## Safety Features

- Thruster guards
- System circuit breaker
- Internal thruster design
- Automatic power shutdown

## Primary Materials

- 6061 Aluminum extrusion
- UHMW Polyethylene
- ABS Pipe

Jason Hunter – CEO

Brett Oystensen – Documentation Lead

Kieran M<sup>c</sup>Intosh – Modelling Lead

Michael Brosch – Manufacturing Lead

Bill Morris – Mechatronics Lead

All staff members are Applied Science Technologists

\*1<sup>st</sup> MATE season

*Deep Robotics – Left to Right – Bill, Kieran, Jason, Michael, Brett*
