

KEA GOES DEEP

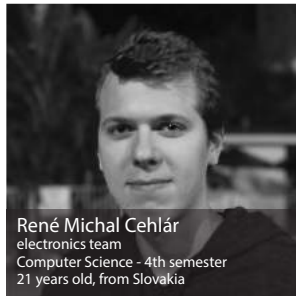

Bubbles
made from Polypropylen
professional diver
2 Months old, from Denmark

Jacob Sommerseth
hardware team
Production Technology - 4th semester
25 years old, from Norway

Jakub Petrik
electronics team, Pilot
Computer Science - 4th semester
21 years old, from Slovakia

René Michal Cehlár
electronics team
Computer Science - 4th semester
21 years old, from Slovakia

Stefan Oehme
CEO / project manager
Production Technology - 4th semester
36 years old, from USA

Bogdan Ionescu
hardware team
Production Technology - 4th semester
21 years old, from Romania

Matej Majtan
electronics team and programming
IT Technology - 4th semester
20 years old, from Slovakia

Miroslav Lakota
electronics team
IT Technology - 4th semester
22 years old, from Slovakia

Paweł Waliszewski
hardware team
Production Technology - 4th semester
26 years old, from Poland

Christopher Nielsen
mentor / CFO
teacher
36 years old, from Denmark

Martynas Bliuvas (new)
hardware and safety team
IT Technology - 4th semester
26 years old, from Lithuania

Cristi Betivu (new)
software team
Computer Science - 4th semester
20 years old, from Moldova

Domenico Villani (new)
software team
IT Technology - Electronics 4th semester
30 years old, from Italy

Jakub Machacek (new)
software team
Computer Science - 4th semester
21 years old, from Slovakia

ROV name: Bubbles

Company: KEA - Copenhagen School of Design and Technology

Team Name: KEA GOES DEEP

Size: 535mm x 460mm x 315mm

Weight: 10.37 kg.

Home Country: Denmark

Distance traveled: 7789.22 km

Mate-ROV History: Returning, Aloha Spirit award 2017

Total estimated cost: \$ 3,185.75

Total Student-hours: 3200

Safety Features: Strain relief on tether and case, safety shrouds on thrusters

Special Features: Easy to disassemble, flexible design layout
